

THE GREEN TEAM PRESENTS: TOP-SELLING NORWEX PRODUCTS

The Superior MOP Collection

KEY FEATURES

Use these mop heads of microfiber and polyester and only water to clean. Swap mop heads and adjust a wand's height easily to suit the purpose. This system is for a variety of floor surfaces, windows, walls and ceilings.

KEY BENEFITS

Mop Pads lift and trap even the tiniest particles of dirt and debris. One Mop Pad cleans the entire floor, saving time. Floors dry quickly and stay cleaner longer with no chemical residue to hold dirt and grime. No heavy pail to carry makes mopping easier.

HOW TO USE

Dry mop first. Brush collected dirt and hair out of the mop and into the garbage can using Norwex's Rubber Brush. Next moisten the Wet Mop pad or Tile Mop pad and go over the area again.

A BETTER, FASTER CLEAN

You strive to make your home a safe haven for your family and try to avoid tracking in pollution, pesticides, dirt and debris from outside. But even under the best circumstances, the floors of your home can harbor pollutants, chemicals, dust and bacteria.

➤ Rather than coat your floor with even more chemicals, harness the power of static electricity and water to get them clean and chemical-free — and keep them cleaner longer.

Our large floor system is ideal for larger homes. The Superior Dry Mop Pad is also great for collecting hair, dirt, and dust in busier homes.

'MY BACK IS LOVING IT!'

"SO fast and no more dirty water in a heavy bucket to 'clean' the floor!" — **Consultant Jennifer Fassinger Dugan**

"Before Norwex, I tried all different cleaners for my floors, and they were always sticky. Problem solved with the wet mop! No more chemical residue." — **Consultant Janice Trissler Rebey**

"I love how easy it is to use with it being adjustable. These mops swivel well and get hard-to-reach areas so much easier." — **Consultant Sarah Latva**

"No more waste! No more Swiffer wet and dry pads! No more chemicals or cleaning agents on the floor!" — **Consultant Shannon Hayes-Lemp**

The Green Team Presents: The Superior Mop Collection

WHAT THE FANS SAY ...

I love that I can clean really well with only water! I like to demonstrate how to clean the baseboards with the mop by putting the pad off center. — Marie Sjolund Magnuson

The first time I used my Norwex dry mop, I couldn't believe I was living with all that dust! My home wasn't clean until I found Norwex. But the biggest benefit is that my children's skin and upper respiratory symptoms have improved due to eliminating the dust in our home. I'm truly grateful. — **Camille Fazio Daley**

What most impresses me about this product is that it picks everything up without dirt flying everywhere. It has replaced the need for Swiffer, a steam mop or any other type of mop.— Sarah Robbins

I know pet hair. In fact, I have studied and researched so many other mops, I've earned a Master's Degree. Not until conquering my doctorate thesis, titled "Dust Bunnies Large Enough to Have Their Own Zip Code" with the help of the Norwex mop system did I cut my cleaning time dramatically and save my pets from the chemical exposure from other products. It's great to be educated. — **Meg Kaul Micou**

One of the best things about the mop is how fast and easy it is to just grab and clean. I also love knowing my 1 year old is safe to walk or crawl on the floor, and it's clean! — Katie Hernandez

I LOVE my mop. LOVE IT! I have dogs and young boys, so it is something used every single day in my home. It's hard to decide what my favorite feature is. Yes, I love how easy it is to use, how clean it gets my floors and the way it picks up ALL the dog hair — but I think the thing I love most about the mop is the same thing that makes me

love all Norwex: Because it cleans with only water, I can let my kids clean with it whenever they want and encourage good habits without having to worry about chemical exposure. My 3 year old can use the mop with no assistance, and it is so wonderful to see him excited about housework. One day his wife will thank me! — **Jessica Marie**

The reason this mop system works for me so well has to do with my height. It is so fully adjustable that it works for a 6'0" person and for my sister who is 5'2" — **Kris Madsen McClelland**

I LOVE that I don't have to buy refill pads anymore and my floors feel and look so much cleaner! Added bonus: My kids actually enjoy using it and are more willing to help mop. — Amanda Brown Skinkle

The Mop is our most coveted product and for good reason! It's simply amazing! I talk about it and demo it at every presentation. Something unique I've learned about the Mop is that the ball at the top of the telescopic handle is great at removing scuff marks from floors. — **Kristen Scott**

I finally have streak-free hardwood floors! It took multiple times of using the Mop, but I never gave up that it was the chemical buildup causing them. We've saved a lot of money not having to buy those chemicals ever again.— Terri Clifford Bahan
